

POLICY #88-3

RESIDENCY POLICY

Purpose:

The purpose of these regulations is to ensure that Yarmouth residents and taxpayers receive the benefit of the facilities which they are paying for through their tax dollars and to set reasonable controls so that resident benefits are not provided to those not eligible. The regulations need to be specific enough in order to prevent misuse and yet flexible enough to accommodate certain special cases. The criteria for determining whether or not an individual is eligible to purchase various resident stickers and permits are described below. Additional regulations specific to particular stickers and permits may also apply.
